Val d'Isère (www.valdisere.com) when combined with neighboring **Tignes**, is one of the world's largest ski areas. It offers 25,000 acres of skiable terrain (combine Whistler Blackcomb, Park City, Big Sky, and Vail to get a sense of its vastness!), over 6,000 feet of vertical drop, 76 lifts, 163 marked runs (13% beginner, 41% intermediate, 25% advanced, and 21% expert) plus nearly endless off-piste opportunities. The lively town sits at an altitude of 6,000 feet and receives exceptional snow coverage with a long season that runs from late November to early May. There are also miles of Nordic, snowshoeing, and walking trails. For further adventures, consider dog sledding, electric mountain biking, ice floating, moonbiking, snowmobiling, ice skating, and more. A free bus service operates to and from the slopes and around the village during the day and evenings. The **3-star Hotel La Savoyarde** (www.la-savoyarde.com) is well-located in the village just 100 yards from the nearest lifts. It features a restaurant, bar, wellness area (sauna, steam room, Jacuzzi, and fitness area), ski lockers, and free WIFI.

After our week in the Alps, we'll travel by private motor coach to the south of France to enjoy three nights in Nice (www.explorenicecotedazur.com/en/) where we will celebrate the 150th year of Nice Carnival. This is the hottest event of the Riviera winter and one of the world's largest carnivals! The **4-star Aston La Scala** (www.hotel-aston.com/en/) is in the center of town just five minutes from the beach.
